“Made from France’s natural resources”

MADE FROM FRANCE'S NATURAL RESOURCES

Our brand came into being in Beauvais with our expertise originating from our production workshop set up in 1845. Close to 2 centuries' experience, adapted and improved over the years to culminate in timeless products. Quality is a struggle to overcome obsolescence - these objects stem from a virtuous circuit, designed to accompany daily beauty routines.

1845 is a complete hairbrush that respects nature, the hair and skin.

All our handles are made of French red beech. The bristles are goat or a hog/nylon mix.

Efficiency, softness and respect: 1845 is made from France's natural resources to take the utmost care of your hair.

Packaging printed with vegetable inks.

BEARD BRUSH

Hog and nylon bristles.
Ideal for brushing and taming beards, eliminating any residue and, at the same time, gently removing any tangles without harming the skin.

BY Cert. 626318

BABY BRUSH

Goat bristles.

Perfectly tailored to the soft fine hair of infants, these soft goat bristles do not damage baby's scalp.

The brush is so soft that it can also be used for massaging a baby with colic for a relaxing effect.

ROUND BRUSH

Hog and nylon bristles.
With its medium diameter, it is perfect for brushing short or shoulder-length hair or to give greater volume to long hair.

2.

Detangling Brushes

A mix of hog bristles - to distribute the sebum along the length of the hair - and nylon to remove tangles efficiently, in depth: 3 formats for every need.

HANDBAG BRUSH

Easy to slip into your handbag due to its miniature size. It is recommended for straight or wavy hair.

MEDIUM MODEL BRUSH

Recommended for smoothing down long, shoulder-length, straight or wavy hair, as well as short thick hair, and for removing tangles.

LARGE MODEL BRUSH

For long, shoulder-length, straight or wavy hair: the nylon removes tangles in depth and adds volume, while the hog bristles condition the hair by distributing the sebum and making it shine.
